MEMORANDUM FOR: Director of Training

SUBJECT : Bi-Weekly Activity Report  
22 March-2 April 1965

1. Enrollments for the 18th Session, NIS, <sup>which started</sup> commencing on 5 April, <sup>is</sup> as follows:

State - 14, quota 16  
USIA - 18, " 12  
AID - 17, " 15  
DoD - 37, " 13  
CIA - 9, " 8

Several changes in enrollments have been made by several agencies during the past two weeks since the deadline for transmittal of the nominees to the Coordinator. For example, on 1 April, State and CIA withdrew one each, AID two, while DoD added the Naval Attaches to Ankara and Djakarta. The ninth CIA student, reportedly, was withdrawn because of an earlier departure date for his field post in Africa.

The procedure, adopted by the Subcommittee on Training in January 1965, permitting the enrollments to be forwarded to the Coordinator, rather than to the Subcommittee, appears to be working to the disadvantage of the Seminar insofar as orderliness in organizing the student country teams and its administrative tasks are concerned.

2. We are hopeful that the recurrent problem of getting adequate lecturers in Labor Affairs has been solved for the session. [REDACTED] will present the survey lecture on labor in the underdeveloped countries and William Dougherty, Jr. of the American Institute for Free Labor Development will discuss U.S. resources in labor affairs abroad. Mr. Dougherty has long been recommended by the CA Staff for this lecture and for the first time is available to the Seminar.

3. Two new lectures have been added to the 18th Session. Ambassador Vaughn will discuss the Alliance for Progress, a gap in our curriculum noted in the Nes Report. Mr. James Ludlow, State Faculty member, will lecture on the U.S. effort through the UN for the development of counter-insurgency programs in the underdeveloped countries.
